Part XIII Supplemental Information.

Provide the descriptions required for Part II, lines 3, 5, and 9; Part III, lines 1a and 4; Part IV, lines 1b and 2b; Part V, line 4; Part X, line 2; Part XI, lines 2d and 4b; and Part XII, lines 2d and 4b. Also complete this part to provide any additional information.

Part V, line 4:

The Organization's third-party endowments consist of two externally managed funds established for a variety of purposes. The endowments are both donor-restricted endowment funds. The funds are held by third-party trustees and therefore the Organization has no direct influence over the investment policy of either fund. The Organization classifies as permanently restricted net assets the original value of the gifts donated to the permanent endowments. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The Organization's policy is to appropriate interest and dividends received from these endowments for operations. Therefore, interest and dividend

Part XIII Supplemental Information (continued)

income is reported as unrestricted on both the combined statement of activities and statement of activities.

The Board of Directors of the Organization has interpreted the Florida Uniform Prudent Management of Institutional Funds Act (FUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

All permanently restricted net assets consist of perpetual trusts held by third parties. For all endowment funds, the donors have stipulated that additional accumulation of funds above and beyond the permanent endowment are unrestricted as to purpose, however the Organization reports the accumulation of funds as temporarily restricted net assets until the funds are distributed by the trustees to the Organization and appropriated by the Board of Directors.

Part X, Line 2:

The Organization has been recognized by the Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 and has been classified as an organization that is not a private foundation under Section 509(a).

The Organization accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax

Part XIII Supplemental Information (continued)

positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. The Organization has identified its tax status as a tax-exempt entity as its only significant tax position; however, the Organization has determined that such tax position does not result in an uncertainty requiring recognition. The Organization is not currently under examination by any taxing jurisdiction. The Organization's federal returns are generally open for examination for three years following the date filed.

Engineering, and Math (STEM) focus. Clearwater Marine Aquarium hosted approximately 300 students during our eleven-week summer camp program.

Our educational Eco-Boat Tours inspired 25,000 guests to protect and preserve the marine environment. Also, CMA partnered with several schools to offer marine science-based virtual field trip programs. The Education Department continued to reach members of the community via virtual festivals and other community events.

Over the past seven years, CMA has gone to over 170 schools as part of the Great American Teach-In, reaching over 10,000 students. In FY21, we participated in a virtual format with over 20 schools.

Over the past six years, CMA has gone to over 153 schools as part of the Great American Teach-In, reaching over 8,250 students.

College on two projects with this unique species. Both projects are designed to enhance and broaden the current knowledge of the Rough-Toothed dolphin preferences to enrichment, diet and color stimulus perception.

Rescue

Our Rescue team has been busy writing for and executing grant funded projects. In 2021, our team completed a cetacean Prescott project for a larger marine mammal rescue vehicle. This award allowed our team to retrofit a marine mammal transport vehicle which meets industry and safety standards ensuring safe travelling for humans and animals who need assistance. Furthermore, CMA Rescue team wrote for and were subsequently awarded grant funds for two additional projects to include production of a training platform for local law enforcement to be used within the network in efforts to streamline interactions during stranding responses as well as funding for a water storage system at our Fred Howard Park Marine Mammal Rescue Station. Finally, our team was successful procuring funding to offset the costs of cetacean rehabilitation efforts up to \$10,000!

In the field, the team is busy assisting with manatee work through observations, capture, restraint, and disposition efforts. Cetacean efforts in include monitoring of dolphins who have been impacted by humans. One case in particular warranted a collaborative effort with the South East Stranding Network team to successfully disentangle a bottlenose dolphin calf with a life threatening monofilament line entanglement which dramatically cut into the dorsal fin and was wrapped around the tail stock. Rescue also assists with sea turtle transport,

meeting up with patrons who find sick and injured sea turtles and bring these animals to Clearwater Marine Aquarium for care and rehabilitation.

Sea Turtle Conservation Program

The Sea Turtle Conservation Program continues to be successful with efforts to conserve our nesting sea turtles who call our Florida beaches home. This season, CMA partnered with Florida Fish and Wildlife Research Institute on a research project that helped to quantify hatchling orientation. Our biggest threat to these animals at this time is due to the artificial lighting visible from the beach at night during the nesting season. This research has given us quantifiable evidence that we can use to demonstrate the challenges with artificial light, and promote a platform for further education, outreach, and change to conserve the species.

CMA has hosted many thousands over the years. Through our ever-expanding social media audience and partnerships with wish-granting organizations across the country, hospitals and military partners, Clearwater Marine Aquarium continues to provide lasting inspirational experiences to thousands of children afflicted by injury or sickness. We're proud to provide a space for families battling hard times to enjoy the inspiration of Winter's story in a calm, safe, and welcoming environment. Since Winter's passing, we continue to serve the community and are expanding to allow our guests connect and relate to our other animals' stories. We are reaching out to underserved communities and organizations that serve these populations. We also

Form 990, Part VI, Section B, line 11b:

The organization will submit a draft of the 990 to the Board of Directors for review and discussion prior to filing.

Form 990, Part VI, Section B, Line 12c:

Any Board Member that has a potential conflict of interest, as defined in our Conflict of Interest statement, must bring it to the Board of Directors for review. The Board subsequently makes a determination on the issue. The conflict must be raised prior to any director voting on an issue for which they have a potential conflict.

Form 990, Part VI, Section B, Line 15:

The Board of Directors of the Clearwater Marine Aquarium (CMA) is totally responsible for determining the compensation for its Chief Executive Officer (CEO), who is a member of the Board, and for compensating him based on his performance as compared to specific goals and objectives established for him by the Board of Directors. The By-laws of the CMA call for the formation of a Compensation Committee, the membership of which is composed of the Executive Committee of the Board of Directors. Based on the short and long term strategies and objectives of CMA, the Compensation Committee is empowered by the Board of Directors and charged with establishing criteria and objectives for CEO performance and annually evaluating and determining achievement of performance of the CEO and levels of incentive payouts for both qualitative and quantitative objectives. The Compensation Committee obtains and reviews market survey data from a number of

independent studies and surveys from which data is obtained for comparable positions at comparable organizations. For use in determining CEO compensation for 2018, market survey data from five separate independent sources was utilized by the Compensation Committee: Grant Thornton LLP's Compensation and Benefits Consulting Services who conducted a comparable market compensation review of the CEO's compensation program to ensure it is competitive, reflective of best practices and fully supportive of CMA's mission and strategy; the POE Group, an independent executive compensation consulting firm specializing in the design and implementation of corporate pay systems for top management who conducted an evaluation of the reasonableness of CMA's CEO total compensation package considering the duties and responsibilities of the position; the 2016 Member Compensation Survey conducted by the Association of Zoos and Aquariums (AZA); the 2017 Survey of Compensation and Benefits sponsored by the Monterey Bay Aquarium and the National Aquarium and conducted by Fitzgerald's Compensation Consulting Services, Inc., an independent third-party compensation consulting organization; the 2018 GuideStar Nonprofit Compensation Report of key employee compensation at more than 112,000 charitable nonprofit organizations. In addition to these independent surveys, the Compensation Committee themselves also reviewed the Form 990's from comparable organizations to evaluate and determine the reasonableness of CMA's compensation for its CEO and senior level staff. The Compensation Committee of the Board of Directors is also empowered by the CMA By-laws to evaluate compensation ranges, both base salary and potential bonus, for newly created positions of CMA senior staff and to periodically review compensation ranges of all CMA senior staff positions to ensure competitive and fair compensation levels with those of similar organizations with similar responsibilities. The Compensation Committee, which is the
